Price Comparison (3 BHK Options)

- Super Area is an ambiguous figure with most developers not revealing the actual loading factor and the areas included in its calculation
- The new Real Estate Regulation Act clearly mandates developers to reveal the carpet and covered areas
- Carpet area is the net usable area of apartment, excluding even the wall thickness.
- Orbit Apartments' carpet area is actually bigger than other apartments claiming to have a super area of 1900 / 2000 sq. ft.
